

ARMOR TILE CLEANER

ACID BASED CLEANER

TILING SOLUTION

PRODUCT DESCRIPTION

Armor Tile Cleaner AB is used for cleaning internal or external surfaces that have been grouted using cementitious grouts. It contains surfactants that give it a cleaning ability. Armor Tile Cleaner is Fast acting general purpose cleaner specially designed for regular cleaning of dirt and stains on tile surfaces, designed for daily maintenance of tiles.

FEATURES

- Ready and Easy to Use
- Removes cementitious residues, organic & rust stains
- Ideal for Interior & Exterior
- No Clinging Action
- No Harsh Abrasives on substrates and allows concrete breathe

APPLICATION AREAS

Porcelain, ceramic, glass mosaics, quarry tiles, terracotta and acid-resistant natural stone and easily removes installation, cementitious grout and adhesive residues from the installed material leaving a perfectly clean surface. It can be used in many dilutions depending upon the specific type of use.

ARMOR TILE WATER BASED is recommended for Marbles.

APPLICATION MODE

Shake well before and during use. The product can be used undiluted or diluted with water according to the level of concentration necessary for the specific task and the type of surface to be treated.

For the removal of cementitious grout and adhesive residues from acid-resistant surfaces, we recommend dilution between 1:10 and 1:5 depending upon the level of residues to be removed and the type of surface to be treated. Apply the diluted solution to the surface and leave in contact for 5 minutes. Then work across the surface using either a single-disc cleaning machine or an emulsifying pad or clean, damp cloth or sponge. Remove the solution from the surface and then rinse with plenty of clean water. For heavy residues you may need to repeat the above procedure.

COVERAGE

Coverage depends on intensity of stain, porosity, texture, surface absorption, weather, time solution left on surface and application methods.

SHELF LIFE

Shelf life is 24months in unopened containers when properly stored. Do not allow to freeze.

LIMITATION

- Provide adequate ventilation in enclosed areas to facilitate proper drying
- Do not puddle
- Apply when concrete surface temperatures are 40°F (4°C) and rising.

ARMOR TILE CLEANER

ACID BASED CLEANER

SAFETY PRECAUTIONS

- Wear protective gloves and goggles
- Make sure before use that the surfaces to be cleaned are acid-resistant. It is advisable, in doubtful cases, to carry out preliminary tests.
- Use in a well-ventilated area
- Avoid prolonged skin contact and absolutely no contact with all food stuffs
